Dear Mr. Ash,

I would like to take a moment to thank you and your company for the excellent job that was done at 175 Mayflower, Lake Forest, IL. Originally, the house was dull and ordinary with rather ugly white-faced brick. Now, the house is an extraordinary piece of architecture due, in part, to your participation in the staining of the brick veneer. We have received numerous compliments on the improvement of the overall appearance of the house from surrounding neighbors, building associates, real estate agents, and prospective home buyers.

Once again, thank you for demonstrating your outstanding product. I would highly recommend this procedure to other builders.

Sincerely,

Richard M. Swanson, A.I.A.
President
